PROJECTS

EXPLORE FOUR | Web application

- Shows National Park Service sites in the Four Corners region using Google Maps and NPS APIs to render locations/info.
- Conceptualized and designed the app, then built it with React.
- NPS sites can be filtered by state, park designation and query.

WANDERINWORDS.COM | Outdoors website

- A responsive website dedicated to exploring public lands.
- Built site from scratch using HTML, CSS, JavaScript and jQuery.
- Shot and edited photos/videos to integrate with writings.

GROW OUTSIDE | Website design concept

- Designed a mockup with Adobe XD and developed site with HTML5, SCSS and jQuery for a fictional nonprofit organization.

EXPERIENCE

QUAD-CITY TIMES | Sports reporter / content editor Davenport, Iowa | August 2013 - August 2016

- Wrote articles, shot photos and served as a content editor for one of Iowa's largest papers, working under tight deadlines.

MARSHALL INDEPENDENT | Sports editor / reporter Marshall, Minnesota | August 2009 - August 2013

- Designed and edited the sports section on a daily basis, wrote stories, took photos and managed a small staff of writers.
